

CASTING - TITUS ANDRONICUS

We're casting for our next production TITUS ANDRONICUS

We're looking for performers with a passion and enthusiasm for Shakespeare and collaborative theatre, and for this production would love to work with performers who identify as part of the d/Deaf community. For this production we'll be integrating Creative Captioning as well as BSL, so any BSL experience is also welcome, from both hearing and d/Deaf performers!

As always we encourage applications from all backgrounds, especially those who feel underrepresented in the industry. For this production we are also especially interested in working with someone who identifies as part of the d/Deaf community
